

# *Maple Furniture*

Hospitality FF&E Collection

*Guestroom & Public Area Casegoods, Seating and Millwork*

## OUR STORY

# *Crafted for Exceptional Stays*

---

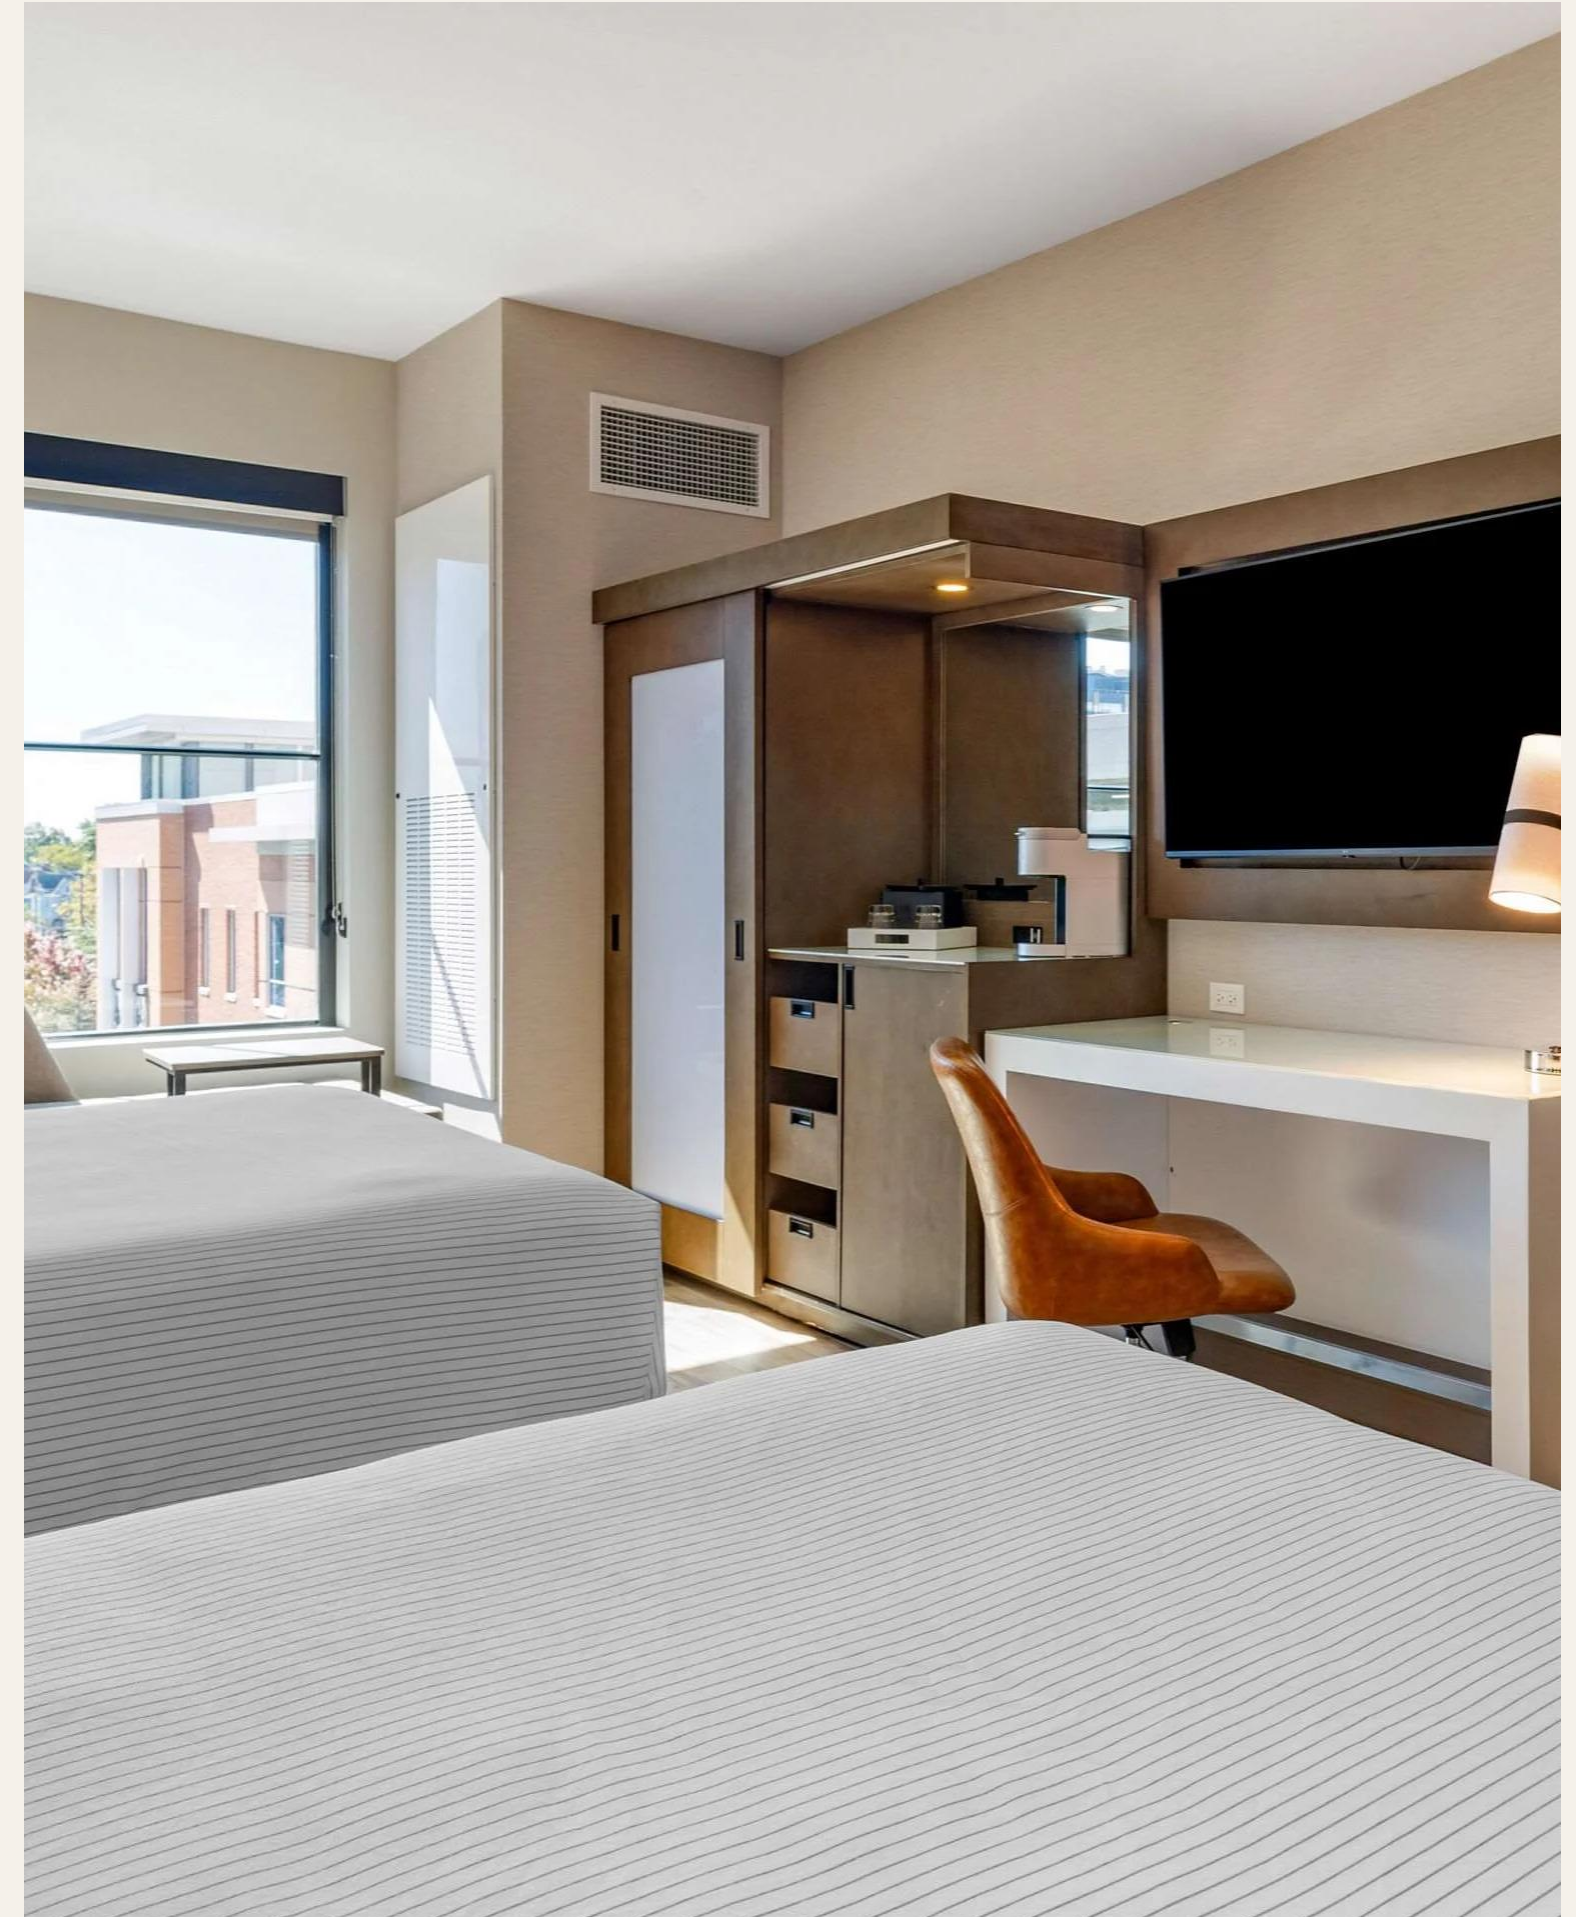

Maple Furniture was built on a singular belief: that every guest experience deserves the precision of a craftsman and the vision of a designer. From boutique hotels to large-scale resort developments, we engineer FF&E programs that endure.

Every piece that leaves our facility reflects our commitment to contract-grade durability, premium materials, and finishes that hold up to the demands of hospitality operations.

---

## OUR MISSION

To deliver precision-engineered furniture, fixtures & equipment that elevate every guest experience through superior craftsmanship and timeless design.

BRAND PILLARS

# *The Maple Furniture Standard*

Six principles define every FF&E program we deliver — from concept design to final installation.

---

## Design Excellence

Developed with hospitality designers to balance aesthetic vision with operational performance.

---

## Global Sourcing

Premium solid woods, textiles, metals, and stone from qualified mills worldwide.

---

## Manufacturing Capability

Modern production lines and a skilled workforce scale quality to projects of any size.

---

## Project Engineering

Tight tolerances, consistent dimensioning, and engineered structural integrity.

---

## Custom Fabrication

Bespoke configurations, COM/COL programs, and an expansive finish portfolio.

---

## Quality Assurance

Multi-stage inspection verifies dimension, finish, hardware, and packaging.

FF&E PROGRAM

# *Two Programs. One Standard of Excellence.*

## GUESTROOM FF&E

Complete furniture packages for guestrooms and suites — engineered for durability and ease of maintenance.

---

Headboards, nightstands & case furniture  
Desks, consoles & luggage racks  
Wardrobes & minibar cabinetry  
Contract-grade upholstered seating  
Coordinated lighting & decor accessories

## PUBLIC AREA FF&E

Furniture, fixtures & equipment for lobbies, restaurants, bars, spas, and event spaces.

---

Lounge seating & banquettes  
Dining, bar & outdoor furniture  
Reception & back-of-house casegoods  
Decorative & architectural lighting  
Art, mirrors & custom millwork

CONSTRUCTION DETAILS

# *Engineered for Hospitality Performance*

## 01 Contract-Grade Durability

Reinforced joinery, commercial-rated hardware, and abrasion-resistant surfaces.

## 02 Fire & Life-Safety Compliance

Foam, fabric, and finish systems specified to CAL 133, NFPA, and local codes.

## 03 Moisture & Wear Resistance

Sealed edges and performance finishes for spa, poolside, and outdoor use.

## 04 Modular Delivery & Installation

Knock-down construction simplifies freight, staging, and room-by-room install.

## 05 ADA & Accessibility Compliant

Accessible-room packages meeting clearance, height, and reach-range rules.

## 06 Warranty & Lifecycle Support

Extended commercial warranties and a replacement-parts program.

PRODUCT COLLECTIONS

# *Your Vision. Our Craft.*

---

Maple Furniture offers a comprehensive range of FF&E collections spanning guestrooms and public spaces — and beyond the standard catalog, we manufacture to any specification a project requires.

PRODUCT COLLECTION

*Casegoods & Case Furniture*

Engineered guestroom and public-area case furniture built on the construction systems of fine residential cabinetry, upgraded for commercial-grade durability.

Headboards & bed surrounds

Desks & work consoles

Minibar & credenza cabinets

Nightstands & bedside tables

Wardrobes & closets

Luggage racks & benches

## PRODUCT COLLECTION

# *Seating & Upholstery*

From lobby lounge chairs to poolside loungers, every seating piece is built on commercial-grade frames with COM/COL customization across our fabric library.

Lounge & club chairs

Dining & bar stools

Custom COM / COL upholstery

Banquettes & booths

Outdoor & poolside seating

Ottomans & accent seating

MATERIALS & CUSTOMIZATION

*Specified to Each Project*

Material and finish selections are developed with the design team for each program. Four material families anchor the work; the palette itself is specified per project.

Contract Fabric

Performance textiles rated for abrasion, stain, and fire resistance.

Wood Veneer

Real wood veneer faces selected for warmth and grain consistency.

Metal & Hardware

Commercial-rated legs, pulls, and accents in the finish specified.

Stone & Solid Surface

Natural stone, quartz, and solid surface tops for wet-area furniture.

COM / COL Program

Client's Own Material or Leather programs let designers specify any qualified fabric or leather to our frames.

Custom Color Matching

Custom RAL painted finishes and bespoke veneer/stain matching for every specification.

# *Designed for Every Guest Experience*

Every program is designed around the moments that define a stay — arrival, rest, and leisure.

## Lobby & Arrival

Statement furniture and lighting that set the tone for the entire guest journey.

## Guestroom Sanctuary

Durable furniture engineered for rest, storage, and daily housekeeping.

## Dining & Leisure

Restaurant, bar, spa, and poolside furniture for high-traffic environments.

FEATURED PROJECTS

FOR ARCHITECTS & DEVELOPERS

# *Your FF&E Manufacturing Partner*

---

## Custom Specification

Every dimension, finish, and material is customizable to design intent.

---

## Budget & Value Engineering

We balance design ambition against project budgets and timelines.

---

## Technical Documentation

Shop drawing packages, cut lists, and specification sheets for every product.

---

## OEM / ODM Programs

We manufacture under client brand labels and develop bespoke product lines.

---

## Scalable Manufacturing

Capacity supports boutique properties and multi-property rollouts alike.

---

## Project Management

Dedicated managers coordinate scheduling, quality reporting, and logistics.

## TRADE RESOURCES

# *Supporting Your Project*

---

### Sample & Material Library

Sample packs, finish boards, and full-size samples for registered trade partners.

---

### Mock-Up Room Program

Full guestroom mock-ups for design review prior to bulk production.

---

### Global Logistics Network

Scheduled delivery with advance lead-time confirmation on every project.

---

### After-Sales & Warranty Service

A dedicated team handles replacement parts, claims, and technical queries.
