

COMPANY OVERVIEW

Maple Furniture is a vertically integrated furniture manufacturer based in Vietnam, serving property developers, hotel groups, and interior design studios across the USA, Canada, Australia, and Europe. We combine industrial-scale production with the finish quality of a bespoke workshop, delivering kitchen cabinetry, hospitality furniture, hotel FF&E, residential furniture, and consolidated FF&E programs from a single accountable production partner.

CAPABILITIES

- Kitchen Cabinet Projects**
Modular and bespoke kitchen systems for residential towers, villas, and multi-unit developments.
- Hospitality Furniture**
Restaurant, bar, spa, and lobby furniture engineered for daily commercial use.
- Hotel Furniture**
Guestroom case goods, headboards, and in-room furniture matched to brand FF&E standards.
- Residential Furniture**
Built-ins, wardrobes, and living furniture for villas, apartments, and residential communities.
- FF&E (Furniture, Fixtures & Equipment)**
Consolidated sourcing and manufacturing for offices, retail, and institutional programs.
